

Instruments for Control, Regulation & Protection

total quality and suppo

Established in 1988, Banico is an innovative and highly esteemed company. Combining vast technical experience with a service designed to give you all of the help, advice and support you need.

Banico offers a large range of control solutions for the heating, ventilation, air conditioning, automation and process industries.

We are also exclusive UK suppliers of Fantini Cosmi and Waircom - control instruments with a worldwide reputation for innovation and outstanding performance.

EXACT CUSTOMISED SOLUTIONS

In addition to the standard controls featured, we can also supply customised products, designed and manufactured to meet your exact needs. If you need the controls badged, no problem, let us know your particular marketing requirements.

Technical data and installation instructions are available for most products in other languages.

QUALITY CONTROL ASSURANCE

Banico operates on an international quality management system and we are certified to BS EN ISO 9001:2015 to maintain our commitment to improve the products and services we offer.

DELIVERY

Standard carriage charge of £10.
Next day (am) delivery charge to mainland UK is £15 per box.
1-2 day pallet service - £35 per pallet.
